FOR IMMEDIATE RELEASE

ROMESBURG MEDIA GROUP'S COVERAGE OF POWERBOAT WORLD CHAMPIONSHIPS TO PREMIERE ON FSN PITTSBURGH

(Somerset, PA) Romesburg Media Group LLC (RMG) announced today that its coverage of the Powerboat Superleague's running of the 2008 U.I.M. World Championships will premier on FSN Pittsburgh on August 15th.

Powerboat Superleague hosted the 2008 Union Internationale Motonautique's (U.I.M.) World Championships for Formula 2 (SST-120) and Formula 3 (SST-60) classes on July 12th and 13th in Marietta, Ohio. Over 3 dozen drivers came from around the world to test their skill on the waters of the Ohio River.

RMG's production crew had five cameras on the shoreline and fifteen cameras onboard the boats capturing the racing action from all angles.

"Our coverage takes the fan off of the shoreline and places them right in the boats with the drivers," said RMG President Jarred Romesburg. "I am excited with what my crew has put together and I cannot wait to see it on FSN Pittsburgh."

The program will debut on Friday, August 15 at 5:00pm (eastern) on FSN Pittsburgh. It will re-air on the regional sports network several times throughout August and possibly September.

The program will also be aired nationally at a later date on the America One television network. RMG is also negotiating additional distribution of the show on other national cable and satellite networks. For a complete list of airdates and times, please visit www.superleaguemedia.com.

Powerboat Superleague is the nation's most senior series for Formula 2 and Formula 3 powerboat racing. The series has conducted over 130 powerboat racing events across the United States and around the world since 1986. For more information, please visit www.aprsuperleague.com.

Headquartered in Somerset, Pennsylvania, Romesburg Media Group LLC is an award-winning television production company and advertising agency. For more information, please visit www.romesburgmedia.com.
