

Remote Control Tunnel Boat Raffle, 2010 Roar

Committee members Carl and Michelle Carpenter purchased a high speed, alcohol fueled, remote controlled, model tunnel boat. During the Marietta Riverfront Roar, they sold \$826 in raffle tickets to win the boat. In a most generous gesture, Carl and Michelle donated all of the proceeds back to the Riverfront Roar. At the conclusion of Sunday's races, 13 year old Bryce Knoch's ticket was drawn. Accepting the boat on Bryce's behalf were his mother Tammy Knoch Bower and co-ticket holder Wayne Hunter.
